Q10: What local needs do you have

A couple of the questions were asked with a bias towards global warming. I would like to make it clear that I do not agree with the too common belief that there is such a thing as global warming. Also, while I support alternative energy sources, I also

Assist Hispanic people to understand and to participate in the upcoming census. They trust the University system more than the federal government due to their experiences in their home countries.

Building stronger leaders through youth developement.

Ensure that those living in poverty without transportation would have equal access to these programs.

Extension should help provide a free service and work with other agencies so that efforts are not doubled up resulting in a waste of resources.

Help people adapt to the contrainst of the ecomonic downturn and begin to rebuild for the future. Hispanic related programs.

I believe most of the citizens are struggling to maintain their standard of living. The support that the Extension provides helps in many ways. I feel that publicity of the fact that Extension offers that support is crucial.

I think there is an inbalance between how urban kids see the focus and needs of our agricultural lands in Kansas. How do we teach that to the urbanized kid so that we can sustain the future of our states resources?

It is important that we reach a variety of people in order to improve their health and well being. Nutrition is very important and getting the best food for the dollar is what many people are needing at this time. Getting the word out on the programs o
keeping the community unitied as it struggles with growth.

The need to learn more about my community services for my own benefit, as well as making this information available to the community as a whole. During this difficult economic time many are seeking assistance and do not know where to turn. One example wo

working with people of other languages. Spanish especially, but many other languages as well.
