Greetings!

We are looking forward to the next Design for Learning Session. Please send me an email message if you are not able to participate in Session 2.

Marie Blythe will facilitate in my absence on Friday.

Molly Soeby is new participant from North Dakota. Her introduction and description of her topic have been added to the information linked, so please take a few minutes to get acquainted with her.

The first topic, Organizing and Designing Content Using the Logic Model will be facilitated by Paula Peters. **Remember** to draft two or three objectives for the topic you plan to deliver. Some of you will have the opportunity to share.

The second topic, Creating an Effective Learning Environment will be facilitated by Marie Blythe.

Paula and Marie have PowerPoint presentations they will use to facilitate. Handouts have been posted to the DFL Website under **resources** for the corresponding topic.

You may print these prior to meeting and use them for notes, if you wish.

Session 2 will begin promptly at 10:00 a.m. so you may establish your connections a few minutes early.

Margaret
