

Design for Learning Assignment

Return to direland@ksu.edu by January 17, 2014

Identify a topic you plan to teach/facilitate in the near future. Answer the following questions—as they relate to your topic. You will use the information to apply the principles you will learn during the Design for Learning sessions.

1. **Title:**
2. **Why is the teaching/learning activity needed?**
3. **Who is the target audience and what are their characteristics?**
4. **What do you expect participants to learn?**
(e.g., awareness, knowledge, attitudes, skills)
5. **What do you want participants to do as a result of what they've learned?**
(e.g., behavior, practice, decisions)
6. **What will you do to carry out this teaching/learning activity?**
(e.g., workshops, meetings, consultations, facilitation, assessments, product development, media, recruitment, training)
7. **What specific resources will be invested?**
(e.g., staff, volunteers, time, money, materials, equipment, technology, partners)
8. **What major program effort in your state is this teaching/learning activity related to?**
Fill in the blank for your state:
 - Kansas – Area of Program Focus _____
 - Nebraska – Signature Outcome _____
 - South Dakota - Capstone Program _____
 - North Dakota - Signature Programs, Core Programs and Pilot Programs _____
9. **Identify with whom and how you plan to share the results?**
10. **What is the ultimate social, economic, civic or environmental impact for clients?**
