POSITION DESCRIPTION AND RESPONSIBILITIES

Extension agents are professional educators who serve as a link between Kansas State University and communities across Kansas. Agents are jointly responsible to the director of K-State Research and Extension (represented by a designated administrator) and the local extension board.

- Lead the development, implementation, and evaluation of research-based educational programming related to horticulture. Programming may include but is not limited to: horticultural crop production, marketing, and economics; horticultural waste management; landscape maintenance and improvement; and conservation of natural resources.
- Coordinate Wildcat District's [Extension Master Gardener Program](#), a team of extension-trained volunteers who provide horticultural education and service within their communities.
- Share responsibility for 4-H youth development programming related to horticulture and gardening.
- Share responsibility for community vitality programming that helps our communities become better places to live, work, and play. Programming will strengthen social, civic, economic, and technological capacity of communities through leadership development and civic engagement.
- Successful extension programs require agents to:
 - Identify local needs and emerging issues related to K-State Research and Extension's five Grand Challenges (water and natural resources; community vitality; health; developing tomorrow's leaders; and global food systems) by engaging with program development committees and other community organizations and professionals.
 - Design appropriate educational strategies to engage clientele. Strategies might include educational programming in a community-based setting; events and activities that provide experiential learning opportunities; use of innovative technologies; individual educational consultations; and group facilitation.
 - Collaborate with local partners to meet community and programming needs.
 - Develop and implement strategies to serve diverse audiences and to ensure K-State Research and Extension is an equal opportunity provider of educational programming.
 - Collect and communicate evidence of educational program impact.
 - Cultivate expertise in a subject matter competency area by engaging as a member of the Horticulture Program Focus Team.
- Pursue internal and external funding to support educational programming.
- Serve as a member of the Wildcat District team, cooperating in the planning and delivery of district-wide programming and related events.

MINIMUM QUALIFICATIONS

- Academic coursework, professional development, or prior employment related to the position responsibilities.
- Evidence of strong academic and/or professional performance, as documented by college transcripts or documented success in increasingly responsible professional positions.
- Ability to communicate effectively, both orally and in writing, with individuals, groups, and through mass media.
- Familiarity with various ethnic and socio-economic audiences; an interest in working with people from diverse backgrounds; and a commitment to supporting and enhancing K-State's initiative for diversity, equity, and inclusion.
- Ability to work a flexible schedule which will include some nights, weekends, and overnight travel.

PREFERRED QUALIFICATIONS

- Master's degree.
- Commitment to personal and professional development.
- Competence using electronic communication and computer applications to fulfill programming responsibilities.
- Self-motivation and ability to work with minimal supervision while balancing multiple projects.
- Understanding of educational program design, promotion, implementation, and evaluation.
- Experience with volunteer recruitment, support, and management.
- Skills in group facilitation.
- Knowledge of adult and youth teaching/learning processes.
- Experience seeking and administering external grant funding.
- Ability to communicate effectively with both English and Spanish-speaking learners.
