

KEAFCS Board Meeting
October 19, 2009
Big 12 Room

President Lori Sporer called the meeting to order. Those present were Robin Eubank, Mary Sullivan, Cindy Evans, Tara Solomon, Christine McPheter, Joann Paschal, Kathy Lupfer-Nielson, Belinda Oldham, Lori Sporer and Ethel Schneweis.

Lori gave an update concerning the changes to the bylaws and the National Living Well cookbooks. The cookbooks will be mailed to only four places within the state. If you sale the books remember to collect sales tax. National will split profit - \$7 reminds with state and \$7 will go to National if the order for the state is placed by Belinda. We have made already around \$900 for our state. National has possible lesson plans and other marketing information states can use.

The changes for the bylaws was started last December by the officers. We had things that were duplicated in various committees and also was confusing for people. Hopefully with the changes it will simplify things.

Belinda reported this past year we have had 68 members. It was decided to have members sign up for committees at the general meeting. Committees were listed on the chalk board for members to sign up on.

Meeting adjourned.

Ethel Schneweis
Secretary
