This is your follow-up to the final session of Design for Learning. Included in this message are:

1. <u>Recordings</u> - there is good new and bad news. For those of you unable to participate today we had to abandon our regular conference provider and quickly moved to a different one. We do have a recording of the conference call, but in the flurry the Connect meeting room recorder was not activated. We do have the PowerPoint posted on the DFL Website so that should be helpful

Conference recording - Please note this is only available for 7 days. You may however download and save it.

This conference finished recording at 2012-03-16 12:49 EST: https://www.leaderphone.com/confrecord/396718/index.html Use your Leader Phone Pro account User ID and Password.

Username: Ipguest

Password: TWRZCDPPTH4XN

- 2. <u>Certificate of Participation</u> please send an email to direland@ksu.edu to request the certificate.
- **3. <u>Survey</u>** please complete a survey about Design for learning sometime between March 17 and March 30. Go to this site to participate:_

Thanks,

Margaret
