Notes from the President

Libby Curry, President, Alpha Rho Chapter

As President of the Alpha Rho Chapter of Epsilon Sigma Phi, I've had the opportunity to represent our chapter at national functions. The first opportunity came in December when I attended the National Epsilon Sigma Phi Professional Development Conference in Indianapolis, Indiana. I think this conference is one of ESPI's best kept secrets.

The focus of this conference was on work and life: *Getting on Track for the 21st Century*. I found this to be an outstanding conference - one our chapter needs to participate to a greater degree. I found the format of the conference to be more intimate, which is a style I prefer. When I speak of intimate, the total registration for this conference was in the neighborhood of 350 people versus the 900-1500 you find at other professional conferences. Normally, it has about 225, but the Indiana membership turned out in a big way. One had the opportunity to visit with many individuals from a wider range of Extension backgrounds. At one session you might be sitting by someone who was a new Extension employee and at dinner you might be sitting by a State Extension Director.

Kansas own Jim Lindquist, 1999 Second National Vice President, was the Program Chair for this national meeting. He and his committee did an outstanding job of arranging for very interesting program opportunities.

A variety of subject matter was represented so you were getting a good cross section of Extension nationwide. The concurrent sessions were typically non-subject matter disciplines. They were more general in nature as professional development opportunities such as: Reviving Professional Courtesies; Your Character, My Character, Doesn't Matter; Office Teamwork to Deliver Extension

Programs; Managing Personal and Professional Challenges at the Same Time; and Using Change to Enhance Personal and Professional Life.

The format felt less rushed and less hectic, giving more time to visit with colleagues from other states.

The membership in Kansas entitled it to two voting delegates. We lost our right to a voting delegate because we did not have a second Kansas representative to attend the business meeting. Voting delegates receive funds toward their expenses from the national board. It was too bad that Kansas did not have a delegate to fill this slot. I would like to challenge our chapter membership to consider attending this national conference in the future. I believe you will each personally gain from this experience. I would also like to see our chapter not forfeit a vote in the future. We need to work to get the word out about this best kept secret.

In February, Roger Terry and I represented the chapter at the North Central Joint Council of Extension Professionals (JCEP) in Cedar Rapids, Iowa. This session gives all the ESPI chapters in the North Central states the opportunity to come together to share and exchange ideas and to connect with the National Board, providing the Board direction for the total membership.

It is an interesting time to hear what other states are doing and to see the board work on our behalf to make a stronger, more viable professional organization for all of us.

My next opportunity to represent the chapter is the PILD (Public Issue Leadership Conference) in Washington, D.C. I'm looking forward to this opportunity and will share with you later.

The Future Proof Leader

Denis Waitley, Epsilon Sigma Phi Annual Conference keynote speaker, addressed extension professionals across the country on the topic *The Future Proof Leader ... Effectively Managing Change and Balancing Professional and Personal Priorities in the Knowledge Century*. Denis shared techniques to help achieve more satisfaction, success and balance in your personal and professional lives. Here is a portion of his comments.

1. Winners look beyond themselves for meaning and purpose in life.
2. Winners say: What can I do for you?
3. The best companies and individuals always give more in the quality and amount of service they render than they expect to receive in dollars.
4. Quality employees pass their quality on to the customer.
5. Employees want more responsibility, authority and autonomy.
6. To inspire innovation and creativity, you need to encourage experimentation and tolerate mistakes.
7. Quality service is the most perishable commodity in the world.
8. A true incentive program ties rewards to excellence and quality of effort.
9. A crisis is an opportunity riding on a dangerous wind.
10. Problems are normal precursors to change.
11. The good old days are here and now.
12. Winning is planting shade trees for others to sit under.

A videotape copy of the entire satellite conference is available in the K-State Research and Extension Office of Professional Development, 785 532-4370.
