

# How does the Worker Protection Standard apply to my farm?

1

**You must comply with WPS if all three of the following apply**

- You own or manage an agricultural establishment (i.e., farms, orchards, nurseries, greenhouses, etc.)
- Your work is directly related to producing agricultural plants
- WPS-labeled pesticides (herbicides, insecticides, fungicides, miticides, etc.) have been applied on your establishment within the last 30 days, or a restricted entry interval (REI) has been in effect within the last 30 days, following a pesticide application
  - WPS-labeled pesticides may be restricted-use pesticides or general-use pesticides

2

**SaniDate 12.0**

**SPECIMEN LABEL**

**FOR COMMERCIAL USE**

**REGISTRATION NO. TC29 18**

**ACTIVE INGREDIENTS:** 100%

**OTHER INGREDIENTS:** 0%

**TOTAL:** 100%

**KEEP OUT OF REACH OF CHILDREN  
DANGER - PELIGRO**

**First Aid**

**IF IN EYE:**

- Flush eyes immediately with clean water for 15-20 minutes.
- Remove contact lenses, if present and do not reinsert them, then continue flushing.
- Call a poison control center or doctor for treatment advice.

**IF ON SKIN OR CLOTHING:**

- Wash immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for treatment advice.

**IF INHALED:**

- If breathing is difficult, call 911 for emergency help. Get fresh air immediately. Seek medical attention if possible.
- If breathing is not difficult, call 911 for emergency help. Get fresh air immediately. Seek medical attention if possible.

**IF SWALLOWED:**

- Do not induce vomiting unless instructed by a healthcare provider.
- Do not take anything by mouth unless instructed by a healthcare provider.
- Do not get anything for the mouth to eat or drink.
- Do not get anything for the mouth to eat or drink unless instructed by a healthcare provider.

**NOTE TO PHYSICIAN:**

Available medical treatment consists of symptomatic and supportive care.

**PRECAUTIONARY STATEMENT**

**HAZARD TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION:** Harmful to humans and domestic animals. Do not enter or allow workers to enter treated areas during the restricted-entry interval (REI). Do not enter or allow workers to enter treated areas during the restricted-entry interval (REI) unless instructed by a healthcare provider.

**HAZARD TO AQUATIC LIFE**

**CAUTION:** Harmful to aquatic life. Do not apply to or near aquatic life.

**HAZARD TO CORROSION**

**CAUTION:** Harmful to metals. Do not apply to or near metals.

**HAZARD TO OZONE**

**CAUTION:** Harmful to the ozone layer. Do not apply to or near the ozone layer.

**HAZARD TO AIR QUALITY**

**CAUTION:** Harmful to air quality. Do not apply to or near air quality.

**HAZARD TO SOIL**

**CAUTION:** Harmful to soil. Do not apply to or near soil.

**HAZARD TO WATER**

**CAUTION:** Harmful to water. Do not apply to or near water.

**HAZARD TO PLANTS**

**CAUTION:** Harmful to plants. Do not apply to or near plants.

**HAZARD TO BIRDS**

**CAUTION:** Harmful to birds. Do not apply to or near birds.

**HAZARD TO BEES**

**CAUTION:** Harmful to bees. Do not apply to or near bees.

**HAZARD TO FISH**

**CAUTION:** Harmful to fish. Do not apply to or near fish.

**HAZARD TO AMPHIBIANS**

**CAUTION:** Harmful to amphibians. Do not apply to or near amphibians.

**HAZARD TO REPTILES**

**CAUTION:** Harmful to reptiles. Do not apply to or near reptiles.

**HAZARD TO MAMMALS**

**CAUTION:** Harmful to mammals. Do not apply to or near mammals.

**HAZARD TO INSECTS**

**CAUTION:** Harmful to insects. Do not apply to or near insects.

**HAZARD TO OTHER ORGANISMS**

**CAUTION:** Harmful to other organisms. Do not apply to or near other organisms.

**HAZARD TO ENVIRONMENT**

**CAUTION:** Harmful to the environment. Do not apply to or near the environment.

**HAZARD TO CLIMATE**

**CAUTION:** Harmful to the climate. Do not apply to or near the climate.

**HAZARD TO AIR QUALITY**

**CAUTION:** Harmful to air quality. Do not apply to or near air quality.

**HAZARD TO SOIL**

**CAUTION:** Harmful to soil. Do not apply to or near soil.

**HAZARD TO WATER**

**CAUTION:** Harmful to water. Do not apply to or near water.

**HAZARD TO PLANTS**

**CAUTION:** Harmful to plants. Do not apply to or near plants.

**HAZARD TO BIRDS**

**CAUTION:** Harmful to birds. Do not apply to or near birds.

**HAZARD TO BEES**

**CAUTION:** Harmful to bees. Do not apply to or near bees.

**HAZARD TO FISH**

**CAUTION:** Harmful to fish. Do not apply to or near fish.

**HAZARD TO AMPHIBIANS**

**CAUTION:** Harmful to amphibians. Do not apply to or near amphibians.

**HAZARD TO REPTILES**

**CAUTION:** Harmful to reptiles. Do not apply to or near reptiles.

**HAZARD TO MAMMALS**

**CAUTION:** Harmful to mammals. Do not apply to or near mammals.

**HAZARD TO INSECTS**

**CAUTION:** Harmful to insects. Do not apply to or near insects.

**HAZARD TO OTHER ORGANISMS**

**CAUTION:** Harmful to other organisms. Do not apply to or near other organisms.

**HAZARD TO ENVIRONMENT**

**CAUTION:** Harmful to the environment. Do not apply to or near the environment.

**HAZARD TO CLIMATE**

**CAUTION:** Harmful to the climate. Do not apply to or near the climate.

**AGRICULTURAL USE REQUIREMENTS**

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR Part 170. This Standard contains requirements for the protection of agricultural workers on farms, forests, nurseries and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about Personal Protective Equipment (PPE) and Restricted-Entry Interval (REI). The requirements in this box apply to the uses of this product that are covered by the Worker Protection Standard.

**For enclosed environments:**

There is a Restricted-Entry Interval of one (1) hour for this product when applied via spraying to surfaces, equipment, structures and non-porous surfaces in enclosed glasshouses and greenhouses. PPE required for early entry to treated areas that is permitted under the Worker Protection Standard and that involves contact with anything that has been treated, such as plants, soil or water, is coveralls worn over long-sleeved shirt and pants, waterproof gloves and shoes plus socks.

There is a Restricted-Entry Interval of zero (0) hours for pre-plant dip, seed treatment, soil drench, mop, sponge, dip, soak, rinse or other non-spraying application methods when used in enclosed environments such as glasshouses and greenhouses.

**For field applications:**

There is a Restricted-Entry Interval of zero (0) hours for pre-plant dip, seed treatment, soil drench or other non-spraying application methods. Keep unprotected persons out of treated areas until sprays have dried.

3

**INITIATE 720**  
FLOWABLE FUNGICIDE

**GROUP 14 FUNGICIDE**

**KEEP OUT OF REACH OF CHILDREN  
CAUTION**

**AGRICULTURAL USE REQUIREMENTS**

Use this product only in accordance with its labeling and with the Worker Protection Standard 40 CFR part 170. This Standard contains requirements for the protection of agricultural workers on farms, forests, nurseries and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE) and restricted-entry interval (REI). The requirements in this box only apply to the uses of this product that are covered by the Worker Protection Standard.

**Do not enter or allow workers to enter treated areas during the restricted-entry interval (REI) of 12 hours.**

PPE required for early entry to treated areas that is permitted under the Worker Protection Standard and that involves contact with anything that has been treated such as plants soil, or water is:

- Coveralls,
- Chemical resistant gloves made of any waterproof material,
- Shoes plus socks and
- Protective eyewear.

**Special Eye Irritation Provisions:** Chlorothalonil in this product is a severe eye irritant. Although the restricted entry interval expires after 12 hours for the next 6 days entry is permitted only when the following safety measures are provided:

1. At least one container designed specifically for flushing eyes must be available in operating condition at the WPS required decontamination site intended for workers entering the treated area.
2. Workers must be informed, in a manner they can understand:
  - that residues in the treated area may be highly irritating to their eyes
  - that they should take precautions such as refraining from rubbing their eyes to keep the residues out of their eyes
  - that if they do get residues in their eyes they should immediately flush their eyes using the eyeflush container that is located at the decontamination site or using other readily available clean water
  - how to operate the eyeflush container

**HAZARD TO AQUATIC LIFE**

**CAUTION:** Harmful to aquatic life. Do not apply to or near aquatic life.

**HAZARD TO CORROSION**

**CAUTION:** Harmful to metals. Do not apply to or near metals.

**HAZARD TO OZONE**

**CAUTION:** Harmful to the ozone layer. Do not apply to or near the ozone layer.

**HAZARD TO AIR QUALITY**

**CAUTION:** Harmful to air quality. Do not apply to or near air quality.

**HAZARD TO SOIL**

**CAUTION:** Harmful to soil. Do not apply to or near soil.

**HAZARD TO WATER**

**CAUTION:** Harmful to water. Do not apply to or near water.

**HAZARD TO PLANTS**

**CAUTION:** Harmful to plants. Do not apply to or near plants.

**HAZARD TO BIRDS**

**CAUTION:** Harmful to birds. Do not apply to or near birds.

**HAZARD TO BEES**

**CAUTION:** Harmful to bees. Do not apply to or near bees.

**HAZARD TO FISH**

**CAUTION:** Harmful to fish. Do not apply to or near fish.

**HAZARD TO AMPHIBIANS**

**CAUTION:** Harmful to amphibians. Do not apply to or near amphibians.

**HAZARD TO REPTILES**

**CAUTION:** Harmful to reptiles. Do not apply to or near reptiles.

**HAZARD TO MAMMALS**

**CAUTION:** Harmful to mammals. Do not apply to or near mammals.

**HAZARD TO INSECTS**

**CAUTION:** Harmful to insects. Do not apply to or near insects.

**HAZARD TO OTHER ORGANISMS**

**CAUTION:** Harmful to other organisms. Do not apply to or near other organisms.

**HAZARD TO ENVIRONMENT**

**CAUTION:** Harmful to the environment. Do not apply to or near the environment.

**HAZARD TO CLIMATE**

**CAUTION:** Harmful to the climate. Do not apply to or near the climate.

4

## Why is the training important?

If you do not comply with the Worker Protection Standard requirements, you will be in violation of federal law.

Employers are responsible for making sure that workers and handlers receive the protections required by the pesticide labeling and the WPS.
