

What is the
long-term plan
for your farm or ranch?

Many organizations support the successful transition of our nation's farms and ranches. We would like to thank those that partnered with Kansas Agricultural Mediation Services and K-State Research & Extension to obtain a grant from the North Central Extension Risk Management Education Center and promote awareness for an important agricultural issue.

Planning for the Future

A workshop series for farm and ranch families looking to transfer the operation

The succession planning workshop series is designed to empower families with the knowledge, skills and resources they need to develop and navigate a succession plan.

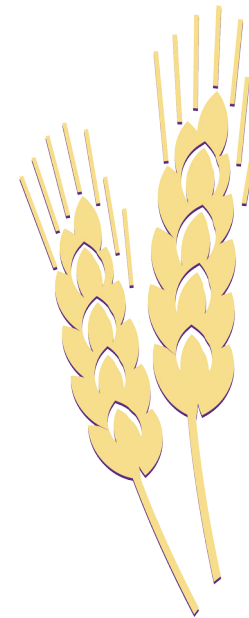

The first session is an open option to provide families a general overview of the succession planning process as well as important considerations for a smooth transition.

The following four workshops will be limited to 10 family teams in order to offer personalized information and interactive activities for each family. Families must enroll as a team of at least two or more with the current and future owner(s) participating.

Registration fees include materials and evening meals. Each workshop session begins with a meal at 6 pm followed by presentations and activities. Sessions will end at 9 pm.

These workshops are made possible by a grant from the North Central Extension Risk Management Education Center and the USDA National Institute of Food and Agriculture Award Number 2015-49200-24226.

Meeting Hall at the Douglas County Fairgrounds in Lawrence

January 26
February 16
February 23
March 2
March 9
6 pm - 9 pm

Also in Dodge City! | Jan. 23, Feb. 13, Feb. 20, Feb. 27 & Mar. 6

Are you ready to get something done with your succession plan? Or maybe, you don't know where to begin?

This workshop series will guide families through the process and take a closer look at steps important to accomplishing a successful transition.

Succession planning experts and facilitators will be on hand at each session to work alongside families. They are available to provide guidance as families consider the details unique to their plan. An evening meal and workshop materials are included with each registration.
